1997

As we are getting ready to launch a new academic year under the cloud of the coronavirus, we strive to find the balance between learning and safety. This is to be achieved with less physical presence at the College premises but ensuring that students make the most of their learning experience. To this end, for Fall 2021, we opted for blending learning that combines face-to-face and online classes in real time via MS Teams.

Assumption Day August 15th

Assumption of the Virgin Mary is a public holiday in Cyprus. It is one of the main Orthodox religious holidays that honours the Virgin Mary's ascent to heaven. The biggest celebrations are held in Kiti village, Larnaca and include performances, music and dancing.

Many companies and shops extend their August 15th holiday up to a week or more. So, if you intend to visit a place during those days, make sure first that it is open.

HOSPITALITY CORNER

International Beer Day

International Beer Day is celebrated on the first Friday in August. This year, the day falls on August 6th. Pairing food with drinks is often a chef's main duty. Beer is better paired with food as following:

- Bitter beers can work with bitter food; e.g. an endive salad.
- With burgers, you can get away with almost anything.
- The intensity of the beer and the food must be equal in terms of strength.
- Sweet beers balance spicy and sour flavours.
