India's festival of lights is one of the biggest celebrations in India. During this celebration people decorate their homes and cities with strings of twinkling lights to symbolize the victory of light over darkness. It is celebrated over five days in many parts of India by people of many faiths. This year Diwali falls on the 4th of November. Hopefully next year we will have the chance to celebrate this event with you Covid free.

Thanksgiving November 24th 2021

The best time to be thankful and appreciate who you have and what you have is on Thanksgiving. It is a time for families to meet, socialize and enjoy each other's company. On this day in America and Canada people celebrate the blessings of the past year. It is celebrated on the fourth Thursday of November each year. In modern times people take time off work (4 day weekend starting Thursday) and spend time with family and friends over a large feast held on Thanksgiving Day.

Misnumbered month

The name 'November' derived from the Latin word *novem*, which means nine. It should have been the ninth month of the year. Though, thanks to January and February which were added to the calendar around 2700 years ago, November is now the 11th guy in the 12-member team.
