STUDENT ORIENTATION PROGRAMME

Orientation for the Spring 2023 semester took place on the 23rd and 24th of February. It was our pleasure to welcome our new students to our academic community and introduce them to the next phase of their journey. The event enjoyed a lot of interest - with students being informed about policies, campus safety, technology, Erasmus+ Programme, academic resources, afternoon clubs and student support services. They also had the opportunity to meet their academic mentors. After the presentations, the new students had the chance to participate in a campus tour - visiting classrooms and the library. On the second day, they took part in scavenger hunt activity in the old town of Nicosia where the students had the opportunity to gain useful knowledge on the one hand and to meet and engage with each other on the other hand.
